

COVID-19: Recovery of Business Interruption Losses

How to navigate the financial recovery process

In cooperation with Ernst & Young we would like to invite you to a webinar.

The presence of COVID-19 is yielding unprecedented challenges to Czech businesses. Faced with mandatory closures, impacts on supply chains, travel restrictions and significant uncertainty, organizations may suffer significant financial consequences as a result of COVID-19 and the crisis measures.

In our webinar we will cover the potential legal consequences and explore critical questions on the recovery of business interruption losses in reaction to the pandemic situation.

Agenda

Legal assessment to the COVID-19 situation | Eversheds Sutherland

- **How?** What to do to raise a damages claim?
- **When?** How much time do you have to raise the claim?
- **How much?** Will you need to pay the court fees?
- **Waiver?** Can you waive your right to damages?

Damage calculation and claims | Ernst & Young

We will help you find answers to following questions:

- Is there any opportunity to claim our losses caused by COVID-19?
- What could be included in our claim?
- How to approach quantifying our losses from Business Interruption?
- What should be done to prove our claims?
- How to convince the counterparty that the claim is credible?
