Procurement challenges continue to make headlines in 2017 as the public and private sectors get to grips with new legislation and case-law.

Please join us for a series of focused breakfast seminars on three 'hot' procurement topics.

Our Procurement Team will be providing practical advice and tips for awarding authorities and bidders on key issues, highlighting those areas that can give rise to challenge. There will also be an opportunity for Q&A and discussion.

We look forward to welcoming you on the following dates:

Thursday 27 April – Selection/Award Criteria: What do authorities and bidders need to know?

Thursday 25 May – Evaluation: How can this be conducted fairly?

Wednesday 14 June – Debriefing Bidders: What's really involved?

Please rsvp to rosemariepollard@eversheds-sutherland.ie by 24 April 2017 to reserve your place.
